On-Site Designer License/Certificate of Competency Inactive Status Affirmation

Applicant's name			Licensed as <input type="checkbox"/> PE <input type="checkbox"/> PLS
Mailing address			Date of birth
City	State	ZIP	Telephone no. ()
Certificate no.	Next expiration date		

Note: You may reinstate your license to active status by written request to the board and payment of any applicable fees. In the first year of reactivated practice, you may be required by the board to get an additional fifteen professional development hours. Practicing or offering to practice as an on-site wastewater treatment system professional while your license is in inactive status may result in disciplinary action.

Certification

I certify that I have examined WAC 196-34-155 (Inactive license status) and I agree that I will not practice as an on-site wastewater treatment system professional as defined in RCW 18.210.010 until I have reinstated my license or certificate of competency to active status.
